

REATATM RESTAURANT

LEGENDARY. TEXAS. CUISINE.

FREQUENTLY ASKED QUESTIONS

I have an upcoming catering event booked with Reata. Is that going to be a problem?

We are looking forward to working with you on your event and our relocation will have no impact.

Are you still booking caterings and other events?

Yes, we are taking reservations and bookings for events on sight as well as all over north Texas.

Will the theme of Reata change?

Reata captures the spirit of the American West. A reminder to seek out adventures, push boundaries and chase your dreams. This will never change at Reata.

I have a gift certificate to Reata, is it going to be honored?

Absolutely. We will honor Reata Gift Certificates now and after we move.

When will you move?

After our current lease at this location ends in June of 2024.

Will the menu change?

Rest assured, all the Reata favorites will remain on our menu. We will continue to refine the menu from time to time and always welcome your input.

If your lease isn't up until June 2024, why are you announcing this now?

We're proud to serve over 250,000 guests a year. Identifying a location so we may continue to provide an exceptional experience will take time.

How far away from downtown could Reata move?

We are open to all ideas right now, but we want to stay within a short drive from our community.

Will free parking be a priority at the potential new location?

A fun and easy experience is our goal. Until we know specifically where we will be moving, we won't know the details.

Will 203 Café remain in business?

We are continuing to grow 203 Café and are delighted to continue our close relationship with City Center.

Will there be a consideration for shuttling people from downtown to the new location?

All ideas are on the table. Once we select a location, we will begin planning how we can continue to best serve our community.

What about all the western memorabilia and art in the current restaurant?

We are proud of our collection and love sharing it with all of you. These museum quality pieces will have a spot in our new home and we will continue to add to this collection as opportunities arise.
